

ENTERPRISE SOLUTION NO DATA REQUIRED PARTNERSHIP OPPORTUNITIES

No Data Required, powered by MTI, offers vertical market software developers a web-based print to mail solution for their users billing statements, invoices, dunning notices and other customer notifications. Licensing our proprietary PDX technology eliminates data mapping, programming and auditing, while providing a true end-to-end solution for your users and a recurring revenue stream for your company.

NDR BENEFITS

- No data required! As the name indicates, we work with PDF technology.
- Eliminates programming and auditing charges.
- Adds a valuable service to your product offerings.
- Recurring revenue and increased customer retention.
- Documents are mailed within one business day; no daily minimums.
- Partners your expertise in billing software development with MTI's expertise in the print and mail industry.
- Allows for licensing and branding of the NDR product to fit into your existing product line.

NDR PACKAGE 1 CUSTOMIZED PORTAL SOLUTION

This enterprise solution allows your users to upload their customer communication PDF Files into your own branded portal.

- Users upload editable PDF files into your branded portal and pay as they go.
- You are set up as the Master Account with your users as Sub Accounts.
- You maintain the user interface. NDR is essentially transparent to your users.
- Access to Dashboard reports and the Image Bank is provided to both you and your users.
- Reconciliation report and royalty payment is generated monthly based on usage.
- Option to tailor user price point to boost royalty earnings.

NDR PACKAGE 2 REPOSITORY SOLUTION

This application accepts your users documents via FTP or a web hook. MTI/NDR accesses your repository at a predetermined time.

- Your users upload PDFs to your repository.
- Pricing is at a discounted enterprise rate versus DocuSend retail rates.
- Determine your users rates and bill them at your own discretion.
- Prepay MTI via credit card or ACH transfer and/or maintain a prepayment balance on account.
- MTI generates a monthly reconciliation report and invoices future prepayments based on projected volumes.
- There is no portal access to Dashboard reports or images for you or your users.

NDR PACKAGE 3 RESELLER SOLUTION

Resell DocuSend by simply directing your users to docusend.biz via a link from your website or imbedded in your software. We recognize the path and flag them as being your user.

- Users pay the published rates and have access to the DocuSend portal Dashboard reports and Image Bank.
- Reconciliation report and royalty payment is generated monthly based on usage.
- Customer support is provided by DocuSend.
